

The Rethink 65-70 Coalition promotes four fundamental principles for the North Split and downtown interstate loop:

1. No above grade walls;
2. No expansion of the existing number of lanes;
3. Increase connectivity of neighborhoods and areas of commerce divided by the interstates; and
4. Increase opportunities for economic development along the path of the interstates.

Please write to the following and encourage that the design for the North Split meet these principles:

Governor Eric Holcomb
Office of the Governor
200 W. Washington St., Rm. 206
Indianapolis, IN 46204
